

Working Range for Rockwheels

Increasing rock or material strength →

Rockwheel is most productive option

Up to
10 MPa
1,450 psi

10 to 100 MPa
1,450 up to 15,950 psi

110 to 220 MPa
15,950 to
29,000 psi

Exceeding
200 MPa
29,000 psi
